

Elliott Sixties Band

Description

Elliott Sixties Band are the real deal... With Garth Elliott on guitar & lead vocals (former guitarist with The Swinging Blues Jeans, Alvin Stardust and frontman for Herman's Hermits after Peter Noone's departure). Paul Farnell – Bass & Vocals has also toured the world with Herman's Hermits and The Easybeats.

Their playlist is an eclectic mix of the very best hits that the 60's could ever offer. Faithful in every way to the originals, but with their own talents shining through. The music is toe-tappingly fab and these three guys certainly know how to entertain any crowd. If you are looking for a genuine, top-class sixties band, it really doesn't get any better than Elliott.
