

Jersey's Best

Description

Jersey's Best will take you on a musical journey through the well known career of one of the most successful bands of all time `Frankie Valli & The Four Seasons`. Jersey's Best are a UK Tribute band who faithfully reproduce the look, the style, the clothes, the songs and the show of the Jersey Boys. With an absolute wealth of superbly popular songs to choose from the band has worked so hard on getting their show just right – and as close to the original as possible.

Vocal harmony bands are so hard to find these days and to find not just one, but four excellent vocalists – each with their own range, so they can sing those wonderful four-part harmonies – is a seriously tough job. Jersey's best sports four excellent vocalists in their own right. The first performance of the popular Broadway and West-End jukebox musical 'The Jersey Boys' was an instant hit in October 2005, since then the show has toured the world and although there are a number of tributes, we are certain that Jersey's Best are indeed the best out there.
