

Nearly P!nk

Description

Hayley Russell, our award-winning Pink tribute comes from a musical theatre background where she has for the last few years been playing the lead female role in the fabulously popular touring musical 'Vampires Rock'. When she's not a vampire, Hayley is the de-facto Pink tribute artiste in the UK today.

For anyone who has seen the real Pink live, it is obvious that a Pink Tribute is a difficult call. Once the trapezes and other superb stage sets and props have been removed (these are difficult to provide at a regular hotel gig or party!) there is a beautiful, costumed young lady with an enormous vocal talent... and that's exactly what we have here.
