

The Dolly Show

Description

It's a tough call to do a Dolly Parton tribute as the, let's say, 'main features' need to be in place – as well as the looks, the costumes and of course, the voice. Here's a girl who has it all. A wonderful and faithful tribute to Dolly Parton in every department

To successfully perform a Dolly Parton Tribute is a tough call for any artiste. With such a distinctive voice – and of course an even more distinctive look – it's difficult to have exactly the right balance of assets to convince a skeptical audience. Our Dolly Parton Tribute is a bona-fide, national award winner. She was voted the UK's no. 1 Dolly Parton Tribute by none other than The Agents' Association of Great Britain. There is no more difficult judge than a panel of agents who have literally seen absolutely everything that the entertainment business can muster, but this girl pulled through and shone like a real star.

A terrific vocal talent, coupled with all of those theater-skills to perform a perfect Dolly Parton tribute show every time. This show is suitable for Country and Western events and Festivals, but is also at home on the theatre circuit, at hotels, clubs and for corporate events. All in all, a superb show in every way.
