

Want U Back

Description

Take That are still one of the most popular tribute shows and we here at MBM guarantee a full house wherever they perform. This show is available as a three or four piece (five if you want Robbie too!).

These fit and handsome guys, who are not only fantastic vocalists, are professionally trained dancers. Their routines are perfectly choreographed to emulate all the very best of Take That's sell-out theatre performances.

Want You Back are one of MBM's most popular tributes and every year they tour the Balearics and mainland Spain performing to holiday makers then return to the UK for a busy winter season of party nights in hotels, casinos, holiday parks and private functions.

Look no further if you are looking for a dynamic and exciting tribute show that will fill any venue anywhere in the UK and beyond.
